Intro to Cognitive Science (2025/2026)

izv. prof. dr. sc. Sandro Scansi (skansi.sandro@gmail.com)

1. (2025-10-10) First lecture / introduction

2. (2025-10-17) History of Cognitive Science

3. (2025-10-24) Introduction to Cognitive Science

4. (2025-10-31) Three Milestones: the Prehistory of Cognitive Science through three Landmark Papers _____

5. (2025-11-07) The Turn to the Brain _____

6. (2025-11-14) fMRI _____

7. (2025-11-21) Artificial Neural Networks _____

8. (2025-11-28) Physical Systems Symbol Hypothesis and Dynamic Systems / Cognitive modelling _____

9. (2025-12-05) Dynamic Systems _____

10. (2025-12-12) Bayesianism _____

11. (2025-12-19) Mindreading _____

12. (2026-01-09) Modules _____

13. (2026-01-16) Brainmapping _____

14. (2026-01-23) Consciousness _____

Student obligations:

(0) Attendance: Compulsory, max 3 absences
(1) Presentation: Students have to use the Bermudez book, The presentation must last for 1 hour
(2) For their final grade the students will have an oral exam

Literature:

Cognitive Science: An Introduction to the Science of the Mind (3rd Edition) by José Luis Bermúdez
